

Architectural Services Department

Consolidated Annual Open Data Plan (Spatial Data Plan included) for 2025 to 2027

A. Departmental datasets to be released in 2025

i. Spatial Data

Item No.	Type of Data	Name of Dataset	General Description	Target Release Date (in mm/yyyy)	Update Frequency
1			N/A		

ii. Non-Spatial Data

Item No.	Type of Data	Name of Dataset	General Description	Target Release Date (in mm/yyyy)	Update Frequency
1			N/A		

B. Departmental datasets to be released in 2026 and 2027

i. Spatial Data

Item No.	Type of Data	Name of Dataset	General Description	Target Release Date (in mm/yyyy)	Update Frequency
1			N/A		

ii. Non-Spatial Data

Item No.	Type of Data	Name of Dataset	General Description	Target Release Date (in mm/yyyy)	Update Frequency
1			N/A		

C. Datasets planned to be opened up by other organisations

i. Spatial Data

Item No.	Type of Data	Name of Dataset	General Description	Target Release Date (in mm/yyyy)	Update Frequency
1			N/A		

ii. Non-Spatial Data

Item No.	Type of Data	Name of Dataset	General Description	Target Release Date (in mm/yyyy)	Update Frequency
1			N/A		

D. Progress: Datasets already uploaded to Open Data Portal and/or CSDI Portal by Department and other organisations

i. Spatial Data

Remark: Entries of datasets released in or before 2022 were based on “Annual Spatial Data Plan for 2023 to 2025”.

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
1	Development	Capital Projects Under Construction	Details of capital projects (exclude minor works projects) under construction by the Architectural Services Department (including project title, contract number, contract sum and contractor name, etc.).	12/2022	Monthly
2	Development	Capital Projects Under Planning	Details of capital projects (exclude minor works projects) under planning by the Architectural Services Department (including project title, estimated project cost and scheduled project start year, etc.).	12/2022	Monthly
3	Development	Government buildings and facilities maintained by ArchSD	This dataset contains the information of government buildings and facilities maintained by ArchSD (including Location Names, Building Types, User Departments, etc.).	12/2022	Yearly
4	Environment	Trees on Registered Man-made Slopes Maintained by ArchSD	Information of the trees on Registered Man-made slopes maintained by ArchSD	12/2022	Yearly
5	Development	Hong Kong Green Building Council (HKGBC) BEAM Plus Assessment Final Grading for Capital Projects	Information of the Hong Kong Green Building Council (HKGBC) BEAM Plus assessment final grading of capital projects (exclude minor works projects) under the purview of Architectural Services Department (including project name, rating, overall score, etc.)	12/2024	As and when there is update

ii. Non-Spatial Data

Remark: Entries of datasets released in or before 2022 were based on “Annual Open Data Plan for 2023 to 2025”

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
1	Development, Geography and Land Information	List of consultants of AACSB – Building Services Category Band 1	This dataset provide the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Building Services Category Band 1 (including the name of consultant and their contact details).	12/2018	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)
2	Development, Geography and Land Information	List of consultants of AACSB – Building Services Category Band 2	This dataset provide the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Building Services Category Band 2 (including the name of consultant and their contact details).	12/2018	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
3	Development, Geography and Land Information	List of consultants of AACSB – Landscape Architectural Category	This dataset provide the updated list of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Landscape Architectural Category (including the name of consultant and their contact details).	12/2018	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)
4	Development, Geography and Land Information	List of consultants of AACSB – Architectural Category Band 1	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Architectural Category Band 1 (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
5	Development, Geography and Land Information	List of consultants of AACSB – Architectural Category Band 2	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Architectural Category Band 2 (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)
6	Development, Geography and Land Information	List of consultants of AACSB – Building Surveying Category	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Building Surveying Category (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
7	Development, Geography and Land Information	List of consultants of AACSB – Quantity Surveying Category Band 1	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Quantity Surveying Category Band 1 (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)
8	Development, Geography and Land Information	List of consultants of AACSB – Quantity Surveying Category Band 2	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Quantity Surveying Category Band 2 (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
9	Development, Geography and Land Information	List of consultants of AACSB – Structure Engineering Category Band 1	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Structure Engineering Category Band 1 (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)
10	Development, Geography and Land Information	List of consultants of AACSB – Structure Engineering Category Band 2	This dataset provides the updated list and information of consultant under the Architectural and Associated Consultants Selection Board (AACSB) Structure Engineering Category Band 2 (including the name of consultant and their contact details).	03/2019	As and when necessary (The dataset will be updated from time to time based on the update list of consultants selected by the AACSB or the information provided by the consultants)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
11	Development, Geography and Land Information	Building Works Tender Price Index	Building Works Tender Price Index (BWTPI) is a quarterly index compiled by the Architectural Services Department as an aid to adjust building cost data for estimating purposes. It also provides an indication of the level of tender prices for new building works undertaken by the Architectural Services Department. The BWTPI does not reflect the level of tender prices for building services works. It is computed in a similar way to that used by the Royal Institution of Chartered Surveyors' Building Cost Information Service in the United Kingdom. The value in the first quarter of 1970 is taken to be the base index value of 100, and subsequent values are expressed in index form based on the first quarter 1970 value.	06/2019	Quarterly

12	Development, Geography and Land Information	Building Services Tender Price Index	<p>1.The Building Services Tender Price Index (BSTPI) reflects the tender prices for building services installations in new building works undertaken by the Architectural Services Department. It complements the Building Works Tender Price Index for new building works undertaken by Architectural Services Department (BWTPI) which excludes building services works. It was first compiled in the 4th quarter of 1989 and the value for the 4th quarter of 1989 was taken as the base index of 100. Subsequent values are expressed in index form based on the 4th quarter 1989 value. The BSTPI is calculated in a manner similar to the BWTPI. The index value of a quarter is compiled based on a base schedule of items and according to the tendered rates of the items in that quarter.</p> <p>2.Since the 1st quarter of 1999, the BSTPI figures had been compiled using a revised base schedule of items (1998 base) and with conversion to the common base index 100 at 1989. The index figures as from the 1st quarter of 2009 were compiled using the revised base schedule (2007 base) of items and with conversion to the common base index 100 at 1989.</p> <p>3.From the 2nd quarter of 2015 onwards, the index figures are compiled using a new base schedule (2012 base) of items which is formulated with reference to the contracts awarded from 3rd quarter of 2009 to 2nd quarter of 2012 and with conversion to the common base index 100 at 1989. The BSTPIs (figures with #) compiled using the new base schedule (2012 base) from the 1st quarter of</p>	06/2019	Quarterly

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
			2013 to the 2nd quarter of 2014 are also shown for reference.		
13	Development, Geography and Land Information	Capital projects under planning	This dataset provides the details of capital projects (exclude minor works projects) under planning by the Architectural Services Department (including project title, estimated project cost and scheduled project start year, etc.) in JSON format. A related dataset has been released on the CSDI portal in 12/2022.	09/2019	Monthly
14	Development, Geography and Land Information	Capital projects under construction	This dataset provides the details of capital projects (exclude minor works projects) under construction by the Architectural Services Department (including project title, contract number, contract sum and contractor name, etc.) in JSON format. A related dataset has been released on the CSDI portal in 12/2022.	09/2019	Monthly
15	Development, Geography and Land Information	Tender Notices	This dataset provides the details of works contracts under tender by the Architectural Services Department (including contract title, contract number and tender closing date, etc.).	12/2019	As and when necessary (The dataset will be updated from time to time based on the tender exercises of public works projects)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
16	Development, Geography and Land Information	Contracts Awarded for Works (in the past 3 months)	This dataset provides the details of works contracts awarded by the Architectural Services Department in the past 3 months (including contract title, contract number, awarded contractor name and contract award date, etc.).	12/2019	As and when necessary (The dataset will be updated from time to time based on the contract award status of public works projects)
17	Development, Geography and Land Information	Notices of Invitation for Expression of Interest for Consultancy Agreement	This dataset provides the details of consultancies' Expression of Interest invited by the Architectural Services Department (including consultancy title and closing date, etc.).	12/2019	As and when necessary (The dataset will be updated from time to time based on the invitation of Expression of Interest for Consultancy Agreement)
18	Development, Geography and Land Information	Notices of Invitation for Technical and Fee Proposal for Consultancy Agreement	This dataset provides the details of consultancies' Technical and Fee Proposal invited by the Architectural Services Department (including consultancy agreement title and closing date, etc.).	12/2019	As and when necessary (The dataset will be updated from time to time based on the invitation of Technical and Fee Proposal for Consultancy Agreement)

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
19	Development, Geography and Land Information	Agreement Awarded for Consultancy Agreement (in the past 12 months)	This dataset provides the details of consultancies awarded by the Architectural Services Department in the past 12 months (including consultancy agreement number, consultancy agreement title, consultant name, date of award and fee, etc.).	12/2019	As and when necessary (The dataset will be updated from time to time based on the consultancy agreement award status of public works projects)
20	Development, Geography and Land Information	Awarded Contractors under Green Contractor Awards	This dataset provides the details of awarded contractors under the Green Contractor Award of the Architectural Services Department (including award type, awarded contractor name and the project awarded)	01/2020	Annually
21	Development, Geography and Land Information	Hong Kong Green Building Council (HKGBC) BEAM Plus Assessment Final Grading for Completed Capital Works Projects managed by the Architectural Services Department	This dataset provides the final grading, assessment version, overall score and project completion year of BEAM Plus certification for new completed capital works projects managed by the Architectural Services Department.	01/2021	Quarterly
22	Finance	Spending data of Head 25 - Architectural Services Department under General Revenue Account for Financial Year 2022-23	This dataset provides the actual expenditure of the Architectural Services Department under Head 25 in CSV format.	10/2022	Quarterly

Item No.	Type of Data	Name of Dataset	General Description	Released Date (in mm/yyyy)	Update Frequency
23	Environment	Trees on SIMAR Slopes Maintained by ArchSD	This dataset provides information of the trees on Registered Man-made Slopes maintained by ArchSD in FGDB format for releasing to CSDI portal. Please observe the relevant terms and conditions of the CSDI portal when using the information contained in this dataset.	12/2022	Annually
24	Development, Geography and Land Information	Government buildings and facilities maintained by ArchSD	This dataset provides information of government buildings and facilities maintained by ArchSD in FGDB format for releasing to CSDI portal. Please observe the relevant terms and conditions of the CSDI portal when using the information contained in this dataset.	12/2022	Annually
